## Gourmet Traveller wine review 2020

This neighbourhood restaurant knows how to look after its customers, and part of its attraction is its small yet well-formed wine offering. In limited space they pack in a great variety of wines: you'll find blue-blood classics from Sancerre like Domaine Vacheron as well as modern Australian producers like Bondar. Local contemporary labels like Stella Bella's SBS and Mr Barval add flair. The prices are accessible, and there's an interesting range of spirits and liqueurs to complete the package. The wines by the glass are exceptionally well-priced. No wonder this is a favourite with the locals.
